EXPERIENCE

Norbile Foods Project

Desc: Fullstack ecommerce web application

Link: https://norbilefoods.vercel.app

- I played a pivotal role in the UI/UX -design for the website, demonstrating a keen eye for aesthetics and user experience.
- Instrumental in the creation of the website's frontend using cutting-edge technologies such as React and Tailwind CSS
- Led the development of the website's backend infrastructure using node js and Express. Implemented robust and scalable server-side solutions, ensuring seamless data flow and optimal performance.

Examshare Project

Desc: Fullstack academic website

Link: https://examshare.vercel.app

- Teamed up with a group of skilled developers to spearhead the creation of an open-source initiative aimed at providing students with streamlined access to past examination questions. Contributed expertise to design and implement the project, ensuring a professional format that enhances accessibility and usability for educational purposes
